

Name _____ School _____ Grade ___ Date _____

**Do YOU Have the Mandatory Skill Sets
to Score Well on the ACT™?
BONUS: PREDICTED ACT COMPOSITE SCORE RANGE**

The following quiz enables you to find out if your skill sets are at the level necessary to be able to score well on the SAT. Check:

- 1 if the question is totally false
- 2 if it's slightly true
- 3 if it's usually true
- 4 if it's absolutely true

When you are done, add together all the numbers you checked to get your total. Go to the conversion table to correlate your total to the SAT score range.

After you take the quiz, I will email you back your score and provide you with the range it would convert to on both the reading/writing and math sections of the SAT. I will also provide you with an expected score goal for both sections if you chose to invest in preparation.

1. I enjoy reading books from various genres

1 2 3 4

2. When I read, I find it easy to get involved with the message or story

1 2 3 4

3. Drawing conclusions based upon what I read is not hard for me

1 2 3 4

4. Being able to write a cohesive essay is not a challenge

1 2 3 4

5. I have always been a good speller

1 2 3 4

6. I have a good sense of grammar and punctuation

1 2 3 4

7. I am good at scanning through essays to find information supportive of the thesis

1 2 3 4

8. I am adept at reading a passage to find the point

1 2 3 4

9. I am able to find just the right word to express what I mean

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$
 10. I don't allow extraneous information to get me off focus

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

11. I've typically been a strong math student, especially in Geometry

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

12. I know how to depict Math problems visually both on paper and graphing calculator

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

13. I have little trouble manipulating ratios and percents

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

14. I write out all my steps when solving a math problem

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

15. I use substitution on Algebra questions when I'm stumped on what to do algebraically

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

16. I am comfortable working with charts, graphs, and statistics

$\frac{\quad}{1}$ $\frac{\quad}{2}$ $\frac{\quad}{3}$ $\frac{\quad}{4}$

TO SCORE: Add all the number choices selected.

Total: _____

CONVERSION TABLE:

- 60-64 = 33+
- 55-59 = 30-32
- 50-54 = 28-29
- 45-49 = 25-27
- 40-44 = 22-24
- 35-39 = 19-21
- 30-34 = 17-18
- 25-29 = 15-16
- 20-24 = 12-14
- 16-19 = <11

Composite ACT score range: _____
